Data Replication Mobile App

Interactive wireframes demonstrating synchronization techniques

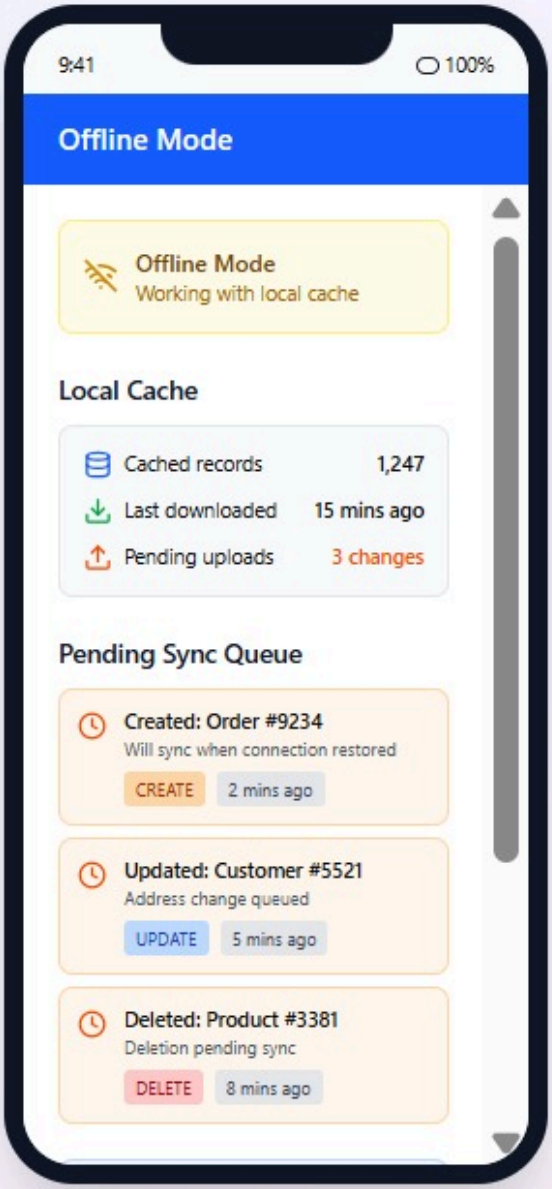
Replication Dashboard | Live Sync | Conflict Resolution | **Offline Mode**



Replication Techniques

- Master-Slave Replication
- Multi-Master Replication
- Asynchronous Replication
- Synchronous Replication

Sync Strategies

- Real-time synchronization
- Conflict detection & resolution
- Offline-first architecture
- Event-driven updates

Conflict Resolution

- Last-Write-Wins (LWW)
- Timestamp-based resolution
- Manual conflict review
- Field-level merging

Offline Capabilities

- Local data caching
- Queue-based sync
- Automatic reconnection
- Change tracking
